

# TEGA CAY SPEAKS

Dear Parents,

Thank you for your interest in Tega Cay Speaks (TCS). You will soon find (or simply ask around) that TCS has assembled an 'all star' team of therapists in the areas of speech, occupational, and physical therapy. From the moment you are greeted at our front door by our Business Manager, Ethel Butler, or our Office Manager, Katherine Arnette, you will be in exceptional hands.

Please take some time to read about us on the web at [www.tegacayspeaks.com](http://www.tegacayspeaks.com). Each of our therapists are profiled, and we welcome any questions you may have concerning your child's circumstances and how we may be of service to you.

Enclosed, please find : directions to our office, a required consent form, and a request for case history. Unless you receive BabyNet or Medicaid authorizations, there is also a request for billing information. **The consent form will need to be signed and the case history will need to be completed prior to our first meeting - this is very important.** This information helps us prepare, in working with your child. If you have any questions while completing these requests, please call our office. **If you are planning to file for insurance (recommended), we will need a Doctor's referral or prescription for Speech Therapy and/or Occupational Therapy.** If you are visiting for the purpose of a speech – language evaluation, a physician's referral will also be needed.

We are always excited to see those new little faces coming through our doors ! We look forward to working with you, toward your child's progress.

Alexia Galakatos, M.A., CCC-SLP
